

## **MD MEDICAL GROUP OPENS NEW MEDICAL CENTRE IN MOSCOW REGION**

**13 January 2023** – MD Medical Group Investments Plc (“MD Medical Group”, “MDMG”, “Group” or the “Company”; LSE and MOEX: MDMG), a leading Russian private healthcare provider, today announces the opening of a new out-patient medical centre “Mother&Child Mytishchi” in Moscow Region.

The new medical centre with a total area of 235 sq. m. offers a wide range of pregnancy and birth preparation services for women, such as diagnosis and treatment of infertility, as well as functional and ultrasound diagnostics. In addition, services provided to patients will also include medical care for men, including ultrasound, endocrinology, and therapy. The medical centre will be able to carry out up to 24,000 specialist treatments per year.

The out-patient medical centre "Mother&Child Mytishchi" with a focus on preparation for pregnancy and childbirth is already the third such kind of centre for the Group in Moscow and Moscow Region. In 2016 the Company successfully opened "Mother&Child Odintsovo", and in June 2022 launched "Mother&Child Butovo". The new centre in Mytishchi will allow to further increase the number of patients in the Group's existing medical facilities by referring clients to the Company's clinics and hospitals.

The new clinic "Mother&Child Mytishchi" was created in line with MD Medical Group's customary high standards of medical care and is fitted with world-class equipment. The Group's total investment in the project amounted to about 23 million rubles.

### **Mark Kurtser, CEO at MDMG, said:**

*“The medical centre "Mother&Child Mytishchi" with focus on preparation for pregnancy and childbirth is based on a successful business model, which has proven its effectiveness in our two medical facilities in Odintsovo and Butovo. In the centre "Mother&Child Mytishchi", our patients can receive medical advice of qualified specialists and undergo appropriate treatment, as well as, if necessary, use more complex services in our clinics and hospitals. Thus, we expect that the new centre will also become an additional driver for the overall flow of patients to the Group's medical facilities.”*
