

## MD MEDICAL GROUP OPENS NEW CLINIC IN VORONEZH

**19 October 2017, Moscow** – MD Medical Group Investments Plc, a leading Russian private healthcare provider, announces that it has opened its first clinic in Voronezh.

The Mother and Child Voronezh clinic has 343 sq m of space and offers a wide range of women’s healthcare services including IVF, ultrasound, minor gynaecological operations in the outpatient centre, OBGYN consultations, and foetal medicine services. Other specialists on-site include endocrinologists, urologists, andrologists, ophthalmologists, and more.

The clinic has capacity for up to 1,000 minor gynaecological operations, 1,000 IVF cycles (including under the MHI programme), and 26,000 consultations with doctors each year.

Mother and Child Voronezh operates to MD Medical Group’s customary high standards of medical care and is fitted with world-class equipment.

Total investment in the project amounted to 60 million roubles.

**Mark Kurtser, CEO of MD Medical Group, said:**

*“Today we are opening our 30th clinic – and MD Medical Group’s 34th medical facility – in Voronezh, which has a million-strong population and is located in one of Russia’s fastest-growing regions.*

*“We continue to focus on women’s health, which is one of our core competencies. The clinic offers Voronezh residents access to high-tech, world-class medical services including IVF without having to leave their city.*

*“Our strategy is to bring high-tech medical services closer to where people live. And our operational and financial results continue to demonstrate that this is a successful strategy.”*
