

## **MD MEDICAL GROUP LAUNCHES MULTIDISCIPLINARY MEDICAL CENTRE IN MOSCOW CITY**

**9 October 2024.** MD Medical Group IPJSC ("MD Medical", "Group" or the "Company"; MOEX: MDMG), a leading Russian private healthcare provider, announces the opening of a new medical centre in the Moscow City business district.

The new multidisciplinary centre Lapino City, spanning 1,460 sq m, offers a comprehensive array of out-patient medical services for adults, focusing on the diagnosis, treatment, and prevention of various diseases. These are available at two key facilities: the Diagnostic and Treatment Centre, which includes radiology and endoscopy departments, and the Women's Health Centre – both offering day hospital care. Patients can consult with doctors from over 25 different specialities on a daily basis.

**The Diagnostic and Treatment Centre** at Lapino City focuses on diagnostic, preventive, and therapeutic services for almost all diseases affecting various organs and systems. Specialities include therapy, surgery, traumatology, orthopaedics, endocrinology, cardiology, otorhinolaryngology, neurology, ophthalmology, gastroenterology, urology, oncology, dermatology, venereology, pulmonology, nephrology, rheumatology, and osteopathy. The centre features a diagnostics department offering sedation-assisted procedures along with comfortable day hospital care. Patients can access a comprehensive range of diagnostic tests, including endoscopy, CT scanning, ultrasounds, cardiac testing (ECG), pulmonary function tests, laboratory and other tests, as well as physiotherapy and reflexology services.

**The Women's Health Centre** focuses on pregnancy planning, providing services such as prenatal genetic counselling, diagnosis and treatment of pregnancy loss, prenatal care for all pregnancy scenarios, conservative gynaecology, screenings, and routine check-ups. In the centre's infertility treatment and IVF department, renowned MDMG fertility specialists deliver care in state-of-the-art operating theatres and advanced embryology and andrology laboratories featuring the latest generation equipment.

The new medical centre is designed to accommodate 100,000 visits and 1,500 IVF cycles per year. Situated in leased premises, Lapino City has received a total investment of RUB 372 million for its opening and outfitting, financed entirely through the Company's own resources.

### **MD Medical CEO Mark Kurtser said:**

*"I am delighted that the expertise and professionalism of our doctors at the flagship Lapino clinical hospital, along with our outstanding service and patient care, are now more accessible than ever. The ability to provide highly qualified medical care in the capital's largest business and residential area, Moscow City, with its robust infrastructure, helps us bring our unparalleled expertise in the most in-demand areas of medicine closer to patients, ultimately saving them valuable time. Importantly, when more extensive diagnostics or surgical interventions are needed, we can refer patients to the Lapino clinical hospital, which can now be reached in just a few minutes thanks to its excellent transport accessibility."*
