

MD MEDICAL GROUP INCREASES OUTPATIENT CAPACITY IN TULA

1 April 2026 – MD Medical Group IPJSC ("MD Medical", "Group" or the "Company"; MOEX: MDMG), a leading Russian private healthcare provider, announces an increase in outpatient capacity at the Group's clinic in Tula, opened in 2018.

The total area of the Mother and Child Clinic in Tula, which specializes in a wide range of medical services for women's health, including pregnancy management and IVF, has increased by 95 square meters and now covers the total area of 636 square meters. The expansion provides even more comfort for patients by accommodating an outpatient clinic and an IVF department with an operating room and day hospital on different floors. The updated clinic will increase the patient flow and capacity of the Group's popular clinic from 24,000 visits to 42,000 visits per year. In particular, the opening of additional offices will provide more appointments with reproductive specialists, obstetricians-gynecologists, and ultrasound specialists.

Investments in the clinic expansion amounted to RUB 18.5 mln. Funding was provided from the Company's own cash resources.
