

MD MEDICAL GROUP OPENS NEW CLINIC IN MOSCOW'S KURKINO DISTRICT

20 March 2026. MD Medical Group IPJSC ("MD Medical", "Group" or the "Company"; MOEX: MDMG), a leading Russian private healthcare provider, announces the opening of a new clinic in Moscow.

The Mother & Child Kurkino Clinic, spanning 289 sq m, offers residents of one of Moscow's most comfortable districts the highest level of medical care close to home, while state-of-the-art equipment and an integrated approach ensure healthy longevity and reproductive health support at all stages of the patient lifecycle. The clinic provides a wide range of medical services in the following areas:

- obstetrics and gynaecology: pregnancy management, family planning, treatment of infertility and miscarriage.
- diagnostics: laboratory tests and advanced functional diagnostic methods for accurate health assessment.
- multifunctional services: oncology, breast health, neurology, gastroenterology, general medicine, cardiology, endocrinology, osteopathy, dietetics.
- innovations: aesthetic gynaecology, cosmetology, and postnatal rehabilitation.

The clinic's specialists combine expertise and advanced technology with an individual approach, underpinned by MD Medical Group's reputation in reproductive medicine and family healthcare.

The clinic has a capacity of 42,000 appointments per year. Situated in leased premises, it has received a total investment of RUB 55 million for its opening and outfitting, financed entirely through the Company's own resources.
