6 June 2018, Moscow – MD Medical Group Investments Plc (“MD Medical Group”, “MDMG” or the “Company” – LSE: MDMG), a leading Russian private healthcare provider, announces that it has opened a new clinic in Moscow. The Group’s total investment in the project amounted to approx. 57 million roubles.

The new clinic Mother&Child Lefortovo has an area of 392 sq. m. It offers both the Group’s core services such as OBGYN, IVF and ultrasound, and medical services for a wider range of patients, including in genetics, cardiology, urology, and endocrinology.

The new clinic is capable of carrying out up to 1,000 IVF cycles and more than 20,000 out-patient treatments per year.

Mark Kurtser, CEO of MD Medical Group, said:

“Moscow is the biggest and growing healthcare market in the country and it is important for us to continue expanding our presence in Russia’s capital. Moscow is a large city, it is important to make our services accessible for residents of different neighbourhoods. Thus, our new clinic in Lefortovo will focus on serving patients from the large residential areas in the east of Moscow.

“The clinic will maintain our Company’s traditional focus on women’s healthcare, however it also will offer other medical services. I am confident that the new clinic will quickly gain popularity among patients.”
